

TRIBUTE PROGRAM

TRIBUTE PROGRAM

The Urbana Park District's Tribute Program provides the opportunity to honor a friend, loved one, or special occasion by planting a tree or providing a bench in one of our many parks. What better tribute can one make than to present the community with a growing gift of nature or a beautiful spot to rest that will benefit so many people and serve as a living reminder for years to come?

By donating funds for a tree or bench on Urbana Park District land, you will:

- Provide a lasting reminder of your loved one, friend, or occasion.
- Help the Urbana Park District to provide beautiful park settings for all who visit.
- Offer a resting and relaxation point for all park users.
- Help the Urbana Park District promote sound natural resource planning.
- Support your local park district and community.

The minimum donation for a tribute tree is \$300. This covers the cost to purchase and plant the tree as well as the maintenance expenses to keep the tree healthy. Trees are guaranteed for ten years.
