ORGANIZATION AND OPERATION

The Urbana Park District, organized in 1907, is a separate unit of local government - a municipal corporation which operates under the Statutes of the State of Illinois. It is governed by a five member Board of Commissioners elected to six year terms in biennial public elections. The Park District also has a Citizen Advisory Committee composed of eighteen members representing all areas of Urbana and a wide variety of interests.

The Urbana Park District annually reviews its mission, values and objectives in order to ensure that its public is served in the best possible way. The mission represents a general statement of purpose, while the values represent an ethical structure in which the Park District operates. The objectives are actual program and operational activities the Park District plans to accomplish in the next 12 to 18 month period.

The entire statement serves a threefold purpose. It allows the public, through the Urbana Park District Advisory Committee, to have a voice in the operations of the District. It informs the residents of the community as to the intent of Park District policy. It provides a set of standards by which the Board and staff can evaluate their performance.

VISION

To expand the District's legacy of delivering parks, natural areas, recreation facilities and programs that improve the quality of life, sense of community and value for residents and users.

MISSION STATEMENT

It is the mission of the Urbana Park District to:

- Improve the quality of life of its citizens through a responsive, efficient, and creative park and recreation system;
- Pursue excellence in a variety of programs, parks and special facilities that contribute to the attractiveness of neighborhoods, conservation of the environment and overall health of the community.

OUR COMMUNITY VALUES

The Urbana Park District is value based, customer oriented, and quality driven. The Board of Commissioners and the staff strongly believe and are committed to the values that honesty is the best policy and that one should treat others the way one would like and expect to be treated.

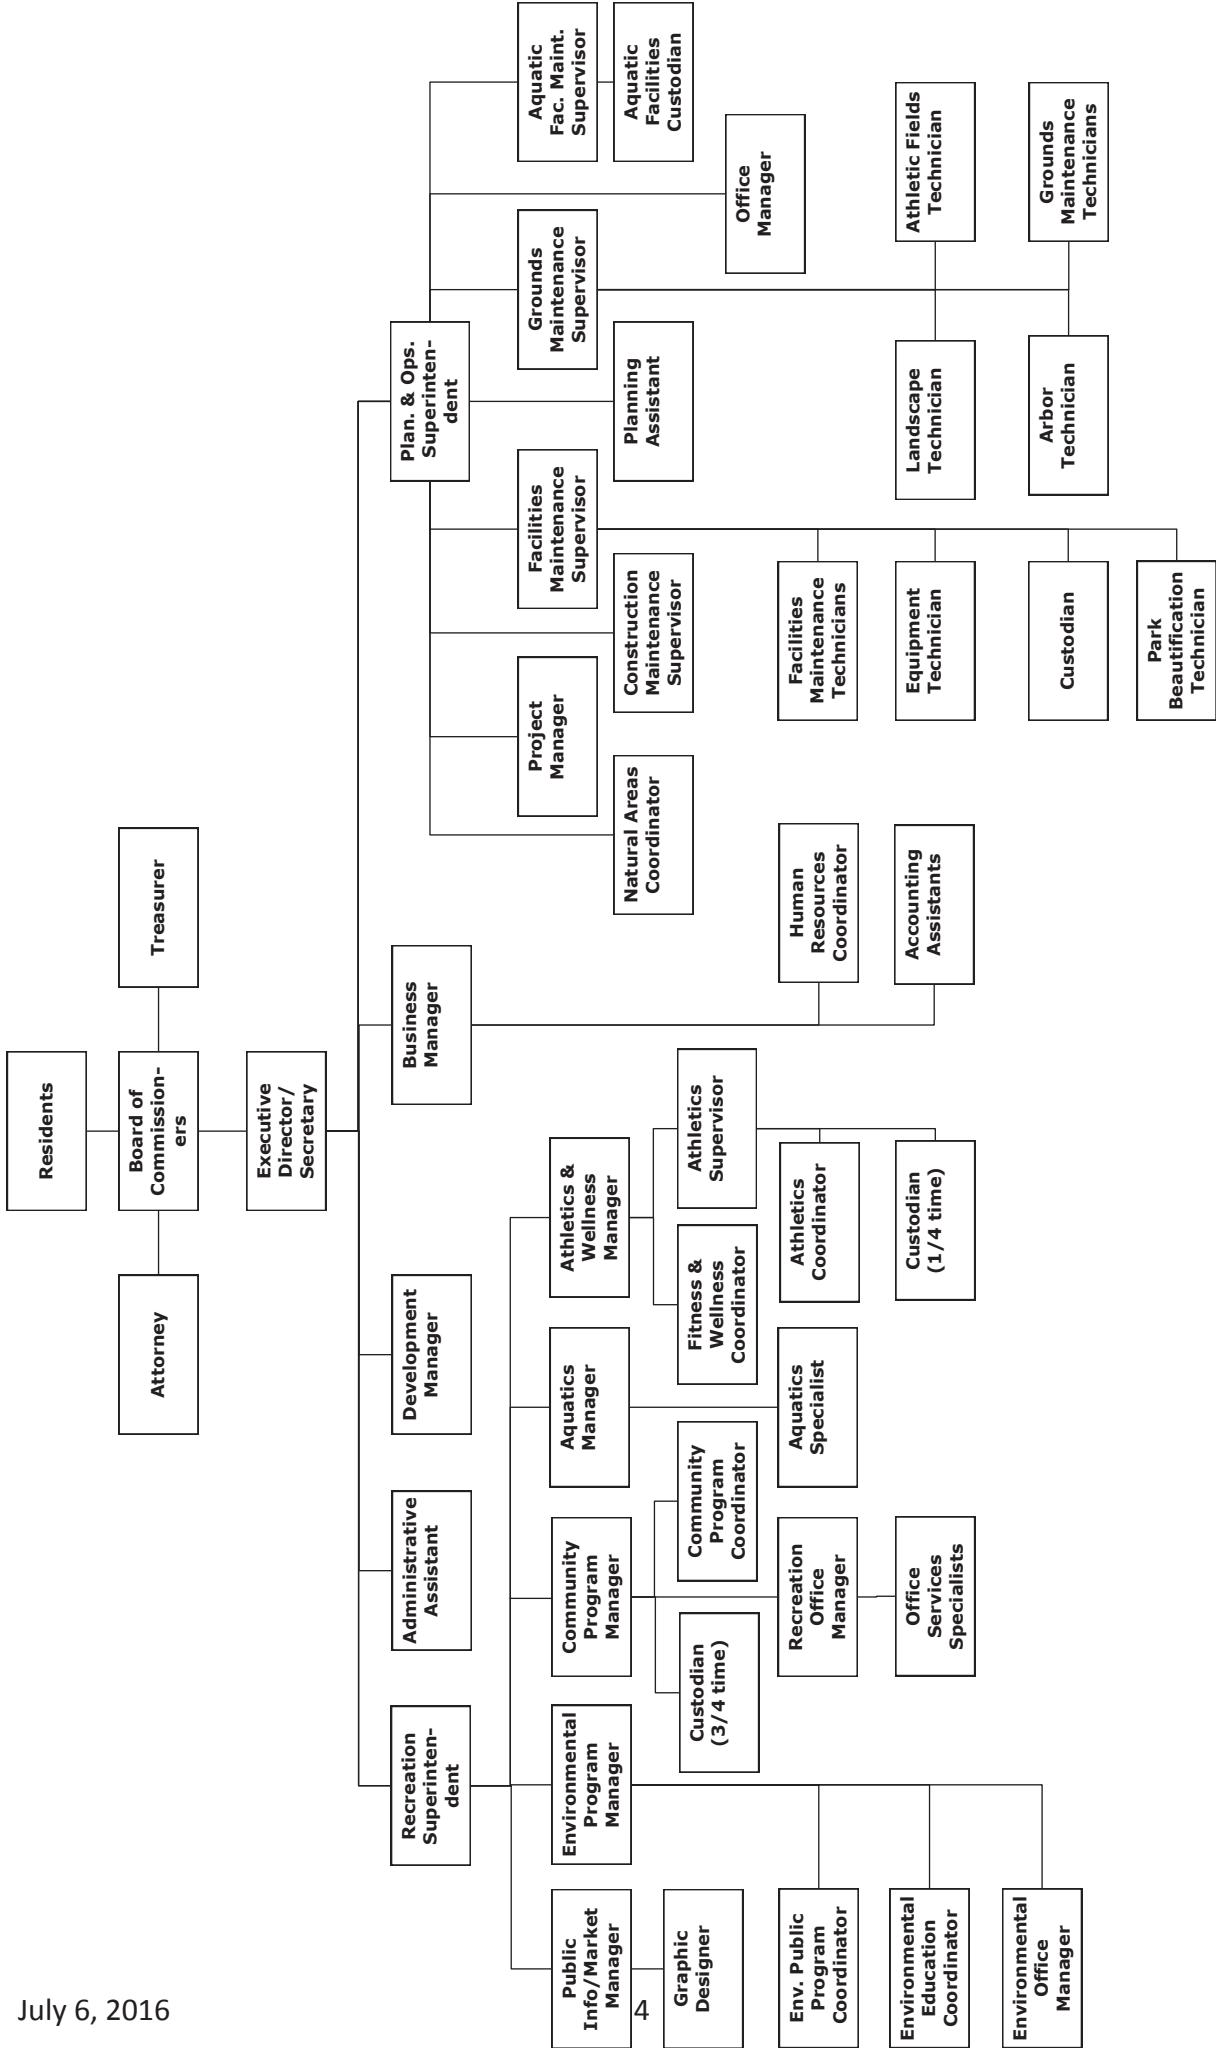

Following are overall principles and values of the Urbana community related to the delivery of parks and recreation facilities and services:

- Sense of community and pride
- Strong environmental ethic
- Promote/support diversity in community
- Education is a priority
- Enhanced quality of life
- Fiscal stewardship
- Protection and preservation of natural and built environment
- Good value and service delivery
- Availability of facilities, programs and services
- Value of leisure time
- Leveraging of resources and partnerships

Based on the vision, mission and community values, strategic objectives were developed to further articulate the desired outcome of the Urbana Park District strategic plan.

URBANA PARK DISTRICT STRATEGIC INITIATIVES AND ACTIONS

2016-2017 Fiscal Year

The Urbana Park District (UPD) has served the community for more than 100 years. The district has had tremendous success in creating a park system of nearly 600 acres, a wide variety of park types, and both indoor and outdoor recreation facilities. The district has been successful in offering a variety of recreation programs, reaching thousands of people annually. A number of challenges have come with this success.

A Strategic Plan was adopted by the district in 2007. Strategic initiatives and actions outlined in the plan and supported with the approval in 2009 of a 15¢ rate increase will help the district address these challenges and position the district for the next century of service. A second rate increase of 11¢ was approved by the voters in April 2010 to construct, operate and maintain the Crystal Lake Park Family Aquatic Center.

The district's strategic initiatives and actions are based in the following areas with corresponding objectives:

URBANA PARK DISTRICT

SCHEDULE OF DEBT OUTSTANDING AT APRIL 30, 2016

The Bond Principal and Interest Fund (Debt Service Fund) is used to account for the retirement of general obligation bonds and is used for payments of bond principal and bond interest which are the only payments permitted in the Bond Fund tax levy.

Bond principal and bond interest payments also are made in the Debt Service Fund for the retirement of two special bond sales. Twenty year Alternate Revenue Source Build America Bonds totaling \$7,405,000 were sold on June 8, 2010 to construct a new Planning and Operations Facility in Chief Shemauger Park and to make repairs to other facilities and park features. Twenty-five year Alternate Revenue Source Bonds totaling \$7,000,000 were sold on May 10, 2011 to construct a new outdoor pool in Crystal Lake Park. Payments on the two Alternate Revenue Source Bonds are not made from taxes collected each year in the Bond Fund. Instead they are paid from taxes collected in the General, Recreation, and Museum Funds which are then transferred to the Bond Fund for this particular use.
